PARENTS

VACCINES REQUIRED FOR SCHOOL ENTRY IN MICHIGAN

Whenever children are brought into group settings, there is a chance for diseases to spread. Children must follow state vaccine laws in order to attend school. These laws are the minimum standard to help prevent disease outbreaks in school settings. The best way to protect your child from other serious diseases is to follow the recommended vaccination schedule at www.cdc.gov/vaccines. Talk to your health care provider to make sure your child is fully protected.

	All Kindergarteners and 4-6 year old transfer students	All 7th Graders and 7-18 year old transfer students
Diphtheria, Tetanus, Pertussis (DTP, DTaP, Tdap)	4 doses DTP or DTaP 1 dose must be at or after 4 years of age	4 doses D and T or 3 doses Td if 1st dose given at or after 1 year of age 1 dose Tdap at 11 years of age or older upon entry into 7th grade or higher
Polio	4 doses 3 doses if dose 3 was given at or after 4 years of age	
Measles, Mumps, Rubella (MMR)*	2 doses at or after 12 months of age	
Hepatitis B*	3 doses	
Meningococcal Conjugate (MenACWY)	None	1 dose at 11 years of age or older upon entry into 7th grade or higher
Varicella (Chickenpox)*	2 doses at or after 12 months of age or Current lab immunity or History of varicella disease	

During disease outbreaks, incompletely vaccinated students may be excluded from school. Parents and guardians choosing to decline vaccines must obtain a certified non-medical waiver from a local health department. Read more about waivers at www.michigan.gov/immunize.

* If the child has not received these vaccines, documented immunity is required.

All doses of vaccines must be valid (correct spacing and ages) for school entry purposes.

PARENTS

VACCINES REQUIRED FOR CHILD CARE AND PRESCHOOL IN MICHIGAN

Whenever infants and children are brought into group settings, there is a chance for diseases to spread. Children must follow state vaccine laws in order to attend child care and preschool. These laws are the minimum standard for preventing disease outbreaks in group settings. The best way to protect your child from other serious diseases is to follow the recommended vaccination schedule at www.cdc.gov/vaccines. Talk to your health care provider to make sure your child is fully protected.

Immunization Waiver Policy

The Kent County Health Department's mission statement is to serve, protect, and promote a healthy community for all. Our mission includes protecting the public from vaccine-preventable diseases. Many diseases that have been eliminated or rare are making a comeback. There have been large increases in pertussis (whooping cough), measles, and chickenpox diseases throughout the United States. While many people may only become moderately ill with these diseases, the most vulnerable in our community; infants, the elderly, and those with chronic medical conditions could suffer serious consequences such as hospitalization and death. Even healthy people have developed these same consequences.

It is our responsibility to ensure that parents/guardians have an opportunity to have their questions answered, discuss concerns, and be offered scientific-based education on the benefits of vaccination and the risks of disease before signing a waiver.

What if you don't immunize your child?

- Your child is at greater risk of catching a vaccine-preventable disease
- Your child may infect others in our community if they come down with the disease
- Your child may be excluded from daycare, pre-school, or school for several days or weeks to prevent them catching or spreading a vaccine-preventable disease

What to do to obtain a nonmedical waiver:

We strongly encourage you to immunize your child, but if you have chosen to waive your child's immunizations, you must make an appointment at a Kent County Health Department Immunization Clinic to speak with a nurse. Clinic locations can be found at www.accesskent.com/immunizations.

To make an appointment at any of our four locations, please call 616 632-7200.

Please note that the schools will no longer have waivers. You must receive a certified waiver from the health department for it to be a valid waiver.

Medical waivers must be obtained from your doctor. The medical waiver forms can be found at www.michigan.gov/immunize under the Health Care Professionals/Providers link or at www.mcir.org under the School/Childcare link.
